WELCOME TO THE STATION

The Hunter and Central Coast Development Corporation (HCCDC) owns and manages The Station, and is excited to temporarily activate the ground floor areas and expansive platform.

A unique offering with over 7235m² of flexible space, The Station can accommodate a variety of indoor and outdoor activations from small gatherings to large community events and festivals.

The site is managed under a temporary use development activation (DA), allowing HCCDC to provide varied community uses on a site that was formerly used as a transport hub.

Under this DA, the platform can be activated between 6am–10pm Monday to Saturday, and 8am–10pm Sunday. Permitted uses include markets, entertainment, food and drink, information and education.

The site map on page 6 outlines the amenity provided on the platform to inform event planning, and detailed site conditions provide essential information for any event manager looking to host an event at The Station.

We can host a multitude of events such as markets, food and beverage events, small reoccurring events, fitness activations and boot camps, corporate training and workshops, comedy shows, music concerts, launches, weddings and celebrations, festivals and much more.

OUR EVENT STRATEGY IS UNDERPINNED BY TWO KEY ASPIRATIONS:

Activate The Platform

Activate the platform with regular Friday, Saturday and Sunday events (allowing multiple activations on one day, depending on activation); and

Create Opportunities

Create opportunity for randomised or recurrent activation from Monday – Thursday that complements the tenancy offerings and attracts people time and time again.
